PAST PEOPLES BRIGHTER FUTURES

STUDY THE PAST RULE A BRIGHTER TOMORROW

CLAS 150C1 Signature Assignment

The Pharaonic Papyrus

WISDOM ENDURES • KINGDOMS RISE • HISTORY REMEMBERS

The Scenario

Behold, mortal! You have done it! In the chaos of the late 4th century BCE, you have outsmarted, outcompeted, and outmaneuvered the Egyptians, Greeks, and Persians to become the founding Pharaoh of the previously undiscovered 32nd Dynasty of Egypt. All hail, [Your Royal Egyptian Name Here]! Your task is to create a written guide to successful pharaonic rule so that your dynasty will endure for generations to come.

Your Assignment

Create an illustrated written guide of 750+ words explaining your keys to successful Pharaonic rule. Your guide should show how you would rule Egypt effectively and why your strategies would work.

Your Guide Must Include

- At least 750 words
- At least one ruling strategy from each of the 4 disciplinary perspectives
- Evidence from lectures and readings
- Historical support from pharaohs, events, monuments, or practices
- Images that help illustrate your ideas
- Material building on your Module 5 Signature Assignment Component

The 4 Disciplinary Perspectives

Natural Sciences

environment, geography, agriculture, climate, disease, or natural resources

Social Sciences

labor, government, warfare, trade, economy, or social hierarchy

Humanities

religion, literature, ideology, ethics, history, or cultural traditions

Arts

monuments, architecture, iconography, visual culture, or artistic expression

Use Evidence

Support your strategies with examples from the course. For instance: "Just as Ramesses II used the Battle of Kadesh to project military strength, I will use monumental imagery to communicate royal power."

How to Submit

Use the PowerPoint template provided in D2L. You may add slides by copying and pasting. When you are finished, delete the intro and image-bank slides so that only the pages you created remain. Save the file as a PDF and upload it to the Signature Assignment Final Project folder in D2L.

How It Will Be Graded

Your work will be evaluated on originality, thoughtfulness, quality, quantity, and use of evidence. There is not one single right answer. Be creative, but support your ideas with evidence from the course.

The throne is yours. Now decide how you will keep it.
